1	3/24/2025	EAA	When should the PAA file a claim for approved EAA services?	After the EAA service is approved by the UMC , the UMC will notify the Case Management (CM) and the Personal Attendant (PA) agency of the determination and issue an authorization. If approved , the PA agency is responsible for claiming the EAA service, issuing payment to the vendor, and obtaining receipts(s). The CM will confirm the adaptations are completed as specified in the Member's person centered service plan. If the adaptations are not completed as planned, the CM will assist the member to remediate the issue.
2	4/10/2025	PAW	Can agencies use an electronic version of the PA PAW in place of the paper version?	BMS is receiving this question from many provider agencies. Yes, as long as the electronic version has all of the requirements of the most current version of the PAW and meets all requirements in BMS Chapter 100 General Information an electronic version will be accepted.
